

# Pet Spray

## Probiotics to minimize pet odors and allergens

By adding **active probiotics** to your pets and their living area, this versatile spray **breaks down unpleasant pet odors and allergens in a 100% biological way**. It works wonders on your pets, their bedding, and even cat litter boxes. Say hello to a fresher, more pleasant home!

- ✔ Breaks down unpleasant odors and allergens from and on your pets
- ✔ Continues to function and provide freshness for days after spraying
- ✔ Probiotics are a natural alternative to conventional deodorizers
- ✔ Helps maintain a balanced microbiome on your pets skin and fur
- ✔ Food-grade probiotics allow your pets to lick their pelts with no problem
- ✔ Continuous mist spray bottle ensures even application
- ✔ Made in Belgium with patented HeiQ Synbio technology
- ✔ 180ml bottle

### Recommended use:

1. Spray directly onto your pet avoiding eyes, ears, mouth and nose, allow to dry
2. Spray your pet's cage, litter box, sofa, carpet or bed, allow to dry
